Docket No. 98N-1265
Food and Drug Administration

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: What is the problem? Are the big drug
companies complaining about the competition?
I couldn't stand the commercial synthetic hormones
I was taking - they made ^{me} ill. I feel wonderful
with the compounded natural hormones I am taking
now. Why is Big Brother trying to tell us
everything we can do with our bodies?
I believe I know better than you what is best
for me.
